

Our Eco-Schools Action Plan

2015-2016

<u>Target</u>	<u>Action</u>	<u>Who's Responsible</u>	<u>Cost</u>	<u>Timescale</u>	<u>How will we measure progress?</u>
<u>School Grounds</u> Develop the school grounds to encourage more wildlife around the school.	Create a log pile, mini-beast hotel and stone pile in the garden. Plant butterfly bushes and herbs in the planters. Buy bird boxes, bird feeders and bird perches. Each class to take responsibility for an area of the school grounds to plant and maintain.	Mrs A Harry Eco Council All staff All pupils	Cost of plants = £40 Cost of bird feeder = £20 Cost of bird perch = £10 Cost of bird houses = £5 x 3 Cost of peat-free compost = £20	Spring Term 2016 - Summer Term 2016	Does the school have more mini-beasts in the Summer Term? Do more birds visit the school grounds? Survey birds and mini-beasts in the garden. Survey plants in the garden.

	<p>Keep records of the plants and animals found in the school grounds.</p> <p>Plan bird watching sessions.</p> <p>Plan gardening sessions for each class.</p> <p>Buy peat free compost for gardening.</p> <p>Make our own compost using fruit waste.</p> <p>Carry out a biodiversity survey of the school grounds.</p>				
Monitor water use	• Keep save	Mrs A Harry	None	Autumn Term 2015	Children's
